“*My DJ. He was so charming, handsome, and funny. He was always the life of any gathering. He was never afraid to speak his mind or stand up for what he believed in. He was everyone's favorite person. He was a warrior. He was fearless. He wasn't afraid to fight in life and even when he knew death was at hand he still fought until the end. He was my husband, my friend, the father of my children, and one of my favorite people. He brought together people from all walks of life.*

He was protective of his family, friends, and loved ones. He never met a stranger. He talked to everyone and made everyone feel loved and important. He was the type of person who if it was freezing outside would give you the shirt off his back if you needed it and he would go without.

I miss him so much. He helped me to learn and experience what unconditional love looks and feels like.

Derwin, thank you for the good times because they were great. Thank you for the bad times because they made us better and thank you for the time that you shared with us all. It was truly a gift and a blessing. I loved you then, I love you now and I always will.

And to my dearest Josie, I love you and appreciate everything you have done and everything you do for us. You'll forever be our family. Thank you Derwin for blessing us with her. She's truly a gift to our family.

To everyone who left messages and comments for our family, thank you. We appreciate every prayer, every kind word, and every act of service shown to us during this difficult time. God bless you. For anyone who wants to contact me or the kids, we can be reached at 985-974-0141.

Love Always Natasha

AM

Love never dies. Your husband's love for you is everlasting! "I'm a firm believer that when we lose someone close to us, like a spouse, they continue to live on through us and give us unbelievable strength. They're so connected to us that they become a part of us." I will continue to keep you and our family in prayer!

Love You ❤️❤️

NS

The times I got to know you, You never treated me different no matter what was said or done. You always told me " I was your sister " even before me and your brother got married and you always showed love to the people you love. Even my mom considered you to be a true friend she always spoke highly of you. You always tried to make people come together or speak to each other. In my heart you will always be my brother and Im gone make sure I stay the course stay in that word and see about your brother rell because I know you would be rooting for us. & We will make sure to be there for your family like you would. I know somethings we don't understand but one thing I can say is you were a REAL One. We Love You Bro.
